

**A Sample of Stories for A Year Of Collaborative Study and Projects  
Within the Community**

As a community, we enjoy focusing on the same themes at the same time. This allows us to plan projects, interactive media explorations, excursions, and plays that can include all ages. We feel this community focus radiates a contagious enthusiasm from the youngest children to the adults. The following is an example of a possible 5 six week segments for children from five through thirteen years old, using the teaching stories:

**Geography  
And  
History**

**American  
History**

**Physical  
Science**
